Embrace The Eco-Friendly Revolution

- Glass is made from pure, sustainable raw materials
- Isinglass does not use resins or plastics in our kiln forming process
- Wood is recyclable, biodegradable and durable. Nature's own renewable natural resource.
- Steel is recyclable and energy efficient
- Unlike many other materials, steel can be recycled an infinite number of times without loss of product quality
- Tables without skirting translates to less laundry and storage costs
- Save money and the environment

When you choose to use glass, wood and/or steel
you're choosing a product that is environmentally friendly,
100% recyclable and reusable

Glass . . . Wood . . . Steel
An Environmental Bonus!
